

The Good Shepherd Orphanage & Schools Foundation

Chrispin Gabriel Bio - 4/3/2010

We want to feature a young man by the name of Chrispin Gabriel from Mont Organize (Organized Mountain) located in the Northern part of Haiti. His parents have 9 children and were unable to care for them. Chrispin's mother was praying to be guided to the right institution for their son, when she heard about the Good Shepherd Orphanage and Papa Cassy. Chrispin was 4 years old when he came to the orphanage. Now he is 27 years old and has distinguished himself by his discipline, honesty, seriousness and reverence for God.

He went to the United States 5 years ago and has lived with the sponsoring family. They have provided not only for his financial and physical needs but also have given him their love and moral support. He completed his undergraduate studies in physics and pre-engineering in 3 years with honors. He will graduate from the University of Kentucky with a degree in civil Engineering in May 2010. Chrispin works as physics and French tutor at the university, and does research for the engineering department. He is also a worship leader in his church. Chrispin's future and dream is to go back to Haiti and help build roads and a hospital at Du Parc where Pastor Cassy has a wonderful home for street boys. Much of their food supply is grown there._

This is what God is doing in the lives of the children and young people at the Good Shepherd Orphanage. This could not have happened without your dedication to the work, your prayers and financial support. God has truly traded beauty for ashes.
